September 2016

WEEDS AND FIRE HAZARDS

Please keep your property free from weeds and deleterious objects. This is especially important to us if you have neighbors who get a kick out of watching your every move and would rather call us to complain about your wilting pansies than to be neighborly and help you meet the neighborhood yard grooming expectations. Joking aside, legitimate concerns regarding fire and other potential hazards are always welcome.

NOT SO FLUSHABLE WIPES

This is about the 6th time we have had to publish the request not to flush "flushable wipes". They are not flushable in our system, regardless of what is printed on the package. If you do not believe us feel free to contact the office and we will be happy to coordinate a time for you to come along and help unplug the system of these items.

WORD OF THE MONTH

Deleterious: harmful; injurious. Synonyms can also include toxic, injurious, and damaging.

DID YOU KNOW...

Most people know that it is illegal to turn your water meter on or off, but did you know it is illegal to remove meter lids. The new meters have antennas connected to the lid, and are easily broken by the untrained. Minimum fee for repairs is \$50 and possible criminal charges. It is a big deal! Please contact the City Office if you need changes to your meter status (turned on/off) and we will be happy to assist you.

OFFICE CLOSURE

Delta City Offices will be **CLOSED** on Monday, September 5th in observance of Labor Day. Payments can be left in the drop box or made online 24/7 at www.xpressbillpay.com

FALL CLEAN UP

Fall clean-up is traditionally in November. Dates and sign up availability will be announced in next month's newsletter.

PARK RESERVATIONS

Another successful season is coming to an end and much fun was had at the parks. There are some important changes for future reservations. Applications are now required for reservations. They are available online or at the City Office. It is also important to note that bounce houses are expressly prohibited on any City property. Water features, other than the ones we provide, such as plastics and pools, are not allowed because they damage the lawn.
