ENTERPRISE ZONE

On June 19th Delta City was designated by the State of Utah as an Enterprise Zone. Eligible businesses expanding or locating in the zone may be eligible for tax credits. See locate.utah.gov. for more information.

ANIMAL CONTROL

Beginning July 1st Central Utah Animal Hospital has the contract for animal services within Delta City. Dogs picked up wandering will be held there. They may also be able to give you options for discount spay and neuter on stray cats. Animal control can be reached at 435-864-7984.

BACK TO SCHOOL SAFETY

As summer draws to a close, back-to-school season is in full effect. Remember, in your rush for freedom, to safely share the roads with school buses, pedestrians and bicyclists, and provide children with the necessary knowledge to stay safe at school.

Whether children walk, ride their bicycle or take the bus to school, it is extremely important that they - and the motorists around them - take proper safety precautions. For more information on keeping kids safe, visit www.nsc.org/learn/pages/keep-children-safe-at-school.aspx

ELECTION YEAR

Mayor Candidates:

John Niles & Travis Keel

City Council Candidates (2):

Kiley Chase, Randy Riding & Betty Jo Western

CHIP SEAL PROJECT

Thank you for your patience during chip seal. We appreciate everyone who made the effort to not to park on the street during the project. Your cooperation saves time and resources.

WATER CONSERVATION

We love green lawns, but we love staying hydrated even more. Please consider a voluntary cut-back on water usage so we don't have to impose restrictions later on. Here are a few Water wise ideas we found...

Water efficiently: No lawn in any season needs daily watering. Specialists recommend 3X per week. (For those with timers: one to four minutes per time, 3 or 4 times each watering day.)

Adjust watering seasonally: Turn sprinklers off or down during cool spells and when raining.

Maintain sprinklers: Broken heads and pipes can waste water. Water lawns and flowers separately for most efficient coverage.

Cut grass higher: Longer blades hold the water in the soil & reduce lawn stress.

Leave grass clippings in place: Use a mulch mower and let the clippings restore nitrogen naturally.

HAVE YOU THOUGHT ABOUT GOING PAPERLESS!?! Contact the office to find out how.

**PLEASE
DO NOT
FLUSH
ANY TYPE OF
DISPOSABLE
WIPES**

Regardless of the
print on the
package.

Story Time will resume
next month.

DID YOU KNOW...

In June we pumped almost 80 million gallons of water. That's a lot of water!
Are there ways you can conserve!?!
