## DID YOU KNOW...

Watering correctly helps avoid problems with pests, disease, and waste, saving you time and money. It is estimated that Utah could save more than 20 billion gallons of water if everyone were to water according to the states guide:

## RULES FOR BURNING

**-Contact Sheriff's Office at 435-864-2755**

- No burning household trash, garbage, plastics, coated wires, oils, hazardous materials & other such materials
- No burning in areas that would threaten shrubs or dry grasses
- No burning during periods of high wind, posted fire restriction periods, during red flag warnings, etc
- No burning within 50' of buildings and structures
- Burn only materials that are dry and reasonably free of dirt
- Have adequate water supply on site or other means to extinguish or contain fire from spreading
- Create adequate fuel break at 2.5 times the height of the fire.
- Notify your neighbors
- A competent person must attend the fire at all times and all fires must be completely extinguished before dark, or leaving the area. **YOU ARE RESPONSIBLE FOR ANYTHING YOUR FIRE OR ITS SMOKE DOES.**

## CONSERVING WATER BEGINS WITH YOU!

Utah is the second driest state in the country, but we are the highest water users per person. With the ever-changing climate and population projections Utahns need to change the way we use water. **Conserve 25% by 2025!**

### Conservation tips:

- Water brown spots in your lawn with a hose instead of increasing the irrigation time on your timer.
- Place children's water toys on any dry spots in your lawn.
- Instead of washing your car in the street or driveway, park it on the lawn where it won't go to waste.
- Take the pets outside to be bathed—pick a dry spot in the lawn to wash them.
- Remember that not all brown spots in your lawn are caused from lack of water. If you have distinct irregularly shaped brown spots, the symptoms are most severe in late summer, and section of dead turf can be pulled up easily, the problem is probably grubs, a beetle larva.

## TURNING WATER ON OR OFF

If you require any changes to your meter status (on/off), simply contact the office and make a request. Please do not turn the meter on or off yourself.
