

Dear Vendors,

Thank you for your interest in booth space during the Delta City Independence Day Celebration. We look forward to seeing you on the 4th.

SET UP

- Set up begins at 8AM. (9AM for foot booths in South Pavilion)
- Booth spaces will have signs with your name on them.

PARKING

- 100 West will be closed from Main Street to 100 North. Vendor parking is across the street.
- Park will be open to foot traffic only.
- Vehicles and trailers are not allowed on the lawn.

CLEAN UP

You are responsible for cleaning up your booth space at the end of the event. We also ask that you clean the area at least 12" surrounding your space.

Please do not use the garbage cans. There are dumpsters available for your use. (marked on the map with orange X.) If you need a garbage can for your booth, you will need to provide your own.

SPECIAL REQUESTS

- Please work together to accommodate everyone's needs.
- You must use heavy duty power cords. If you trip a breaker we will not have the capabilities to fix it during the event.
- If you're using a generator it needs to be on the asphalt, concrete, or on a piece of ply wood.

To help us keep this a successful and vendor cost minimal, please be courteous and respectful to the other vendors and volunteers.

Thank you and we wish you much success!!

Have a great 4th of July
