The prohibition does not apply to any occasional non-pecuniary (non-cash-equivalent) gifts with a value of less than \$50.00.

9. No person involved in making procurement decisions may have personal investments in any business entity which will create a substantial conflict between his or her private interests and his or her public duties.

The purchasing agent shall be responsible to make procurements, solicit bids and proposals, enter into and administer contracts, and make written determinations for the City. The purchasing agent shall also serve as a point of contact with the public in requesting information relevant to the City's purchasing needs and procedures and to oversee the City's compliance with this Purchasing Policy and Procedures.

ARTICLE 3 PURCHASE ORDERS

A. Purchase order procedures:

1. Each item purchased will require a pre-approved purchase order, except as set forth in subsection B below.
2. The purchaser will determine the appropriate vendor, quantity of material, supplies, goods, or services and the price estimate.
3. The estimate will be submitted to the department head for approval. A purchase order will be prepared containing a description and cost of items to be purchased.
4. The purchase order is submitted to the purchasing agent for approval.

6. The materials, supplies, goods, or services can then be purchased and/or ordered.
7. After purchase is completed and payment is due, the invoice shall be attached to the back of the purchase order. After the purchase is completed, a small, colored dot label shall be affixed to the front of the purchase order and initialed by the person authorizing payment.
8. Any invoice greater than the purchase order will need to be reviewed, initialed, and dated by the appropriate department head and/or purchasing agent.
9. Any invoice less than the purchase order shall be conspicuously noted on the purchase order to give notice to the person entering the data.

B. Purchase orders which shall not require preapproval are as follows:

1. Emergency purchases (see Article 4(A)(4))
2. Items purchased which are not normally inventoried for day to day maintenance and/or construction materials costing less than \$100.00 may be purchased subject to the department head's authorization. A purchase order will then be generated on returned invoices.

ARTICLE 4
SOURCE SELECTION AND CONTRACT FORMATION - GENERAL
PROVISIONS

- A. Purchases not requiring sealed bids:
1. Purchases costing less than \$1,500.00, in total, shall not require bids of any type.
 - a. Purchases shall not be artificially divided so as to constitute a small purchase under this section.
 - b. The purchasing agent shall conduct negotiations, as appropriate, as to price, delivery, and terms.
 2. Purchases costing more than \$1,501.00 but less than \$10,000.00, in total, shall require 2 to 3 telephone bids.
 - a. The purchase shall be made from the lowest of the 2 to 3 telephone bids.
 - b. Local Bidder Preference: If the bid of a nonlocal bidder is lowest and there was a local bidder who also submitted a bid which was within seven and one-half percent (7.5%) of the low bid, then the contract shall be awarded to the local bidder if the local bidder agrees in writing within forty-eight (48) hours after being notified of the low bid, that the local bidder will meet the bid price while still meeting all the prescribed requirements set forth in the bid documents. If there is more than one local bidder who is within 5% of the low bid, then the contract shall be awarded to the local bidder which had the lowest original bid according to the procedure above.
 3. Purchases made through the cooperative purchasing contracts administered by the State Division of Purchasing.
 4. Purchases required during an emergency, i.e., an eminent threat to the public's health, welfare, or safety. However, as much competition as practical should be obtained and such purchases should be limited to amounts necessary to the resolution of the emergency.
 5. Sole Source Procurement
 - a. Sole source procurement shall be used only if a requirement is reasonably available from a single supplier.
 - b. The determination as to whether a purchase shall be made as a

sole source shall be made by the purchasing agent. In cases of reasonable doubt, competition should be solicited.

- c. The purchasing agent shall conduct negotiations, as appropriate, as to price, delivery, and terms.

6. Contracts for Professional Services

- a. Professional services are usually contracts for services performed by an independent contractor, in a professional capacity, which produces a service predominately of an intangible nature. These include, but are not limited to, the services of an attorney, engineer, accountant, architectural consultant, artist, appraiser, photographer, etc.. Professional service contracts are exempt from competitive bidding. The selection of professional service contracts in an amount exceeding \$50,000 shall be based on an a formal documented evaluation process such as Request for Proposals (RFP), Statement of Qualifications (SOQ), Qualification Based Selection (QBS), etc. The evaluation process should include an objective assessment, preferably by multiple reviewers, of the services needed, the abilities of the contractors, the uniqueness of the service, the cost of the service, and the general performance of the contractor. Special consideration may also be given to local businesses during the evaluation in instances where knowledge of local issues, geography, statutes, etc., may enhance the quality of service rendered. The lowest quote need not necessarily be the successful contractor. Usually, emphasis will be placed on quality, with cost being the deciding factor when everything else is equal. The purchasing agent shall determine which contracts are professional service contracts. Major professional service contracts (\$30,000.00 and over) must be approved by the City Council.

7. Contracts for Professional Services, where the Service Provider is responsible for Building Improvements/Public Works Project (Construction Manager / General Contractor "CMGC" Method)

- a. CMGC are contracts where the City contracts with a "Construction Manager/General Contractor" which is a contractor who enters into a contract for the management of a construction project when that contract allows the contractor to subcontract for additional labor and materials that were not included in the contractor's cost proposal submitted at the time of the procurement of the CMGC's services. It excludes a contractor whose only subcontract work not included in the contractor's cost proposal submitted as part of the procurement of construction is

to meet subcontracted portions of change orders approved within the scope of the project. The CMGC contract is exempt from competitive bidding. The selection of CMGC contracts shall be based on an a documented evaluation process such as a Request for Proposals (RFP), Statement of Qualifications (SOQ), Qualification Based Selection (QBS), etc.. The evaluation process should include an objective assessment, preferably by multiple reviewers, of the services needed, the abilities of the contractors, the uniqueness of the service, the cost of the service, and the general performance of the contractor. Special consideration may also be given to local businesses during the evaluation in instances where knowledge of local issues, geography, statutes, etc., may enhance the quality of service rendered. The lowest quote need not necessarily be the successful contractor. Usually, emphasis will be placed on quality, with cost being the deciding factor when everything else is equal. The purchasing agent shall determine which contracts are CMGC contracts. Major CMGC contracts (\$30,000.00 and over) must be approved by the City Council. The selected CMGC will then implement all bid packages and subcontractors under a competitive bid requirement as required herein.

8. Purchases in excess of \$10,000.00 that are not exempted in this Purchasing Policy and Procedures, shall be made pursuant to Article (4)(B) below.

B. Purchases requiring sealed bids:

1. Contracts shall be awarded by competitive sealed bidding except as otherwise provided by this policy.
2. An invitation for bids shall be issued when a contract is to be awarded by competitive sealed bidding. The invitation shall include a purchase description and all contractual terms and conditions applicable to the purchase. Public notice of the invitation for bids shall be given at least 20 days prior to the date set forth therein for the opening of bids. The notice may include publication in a newspaper of general circulation.
3. Any purchase in excess of \$10,000.00 shall require a legal notice published at least once in a local newspaper of general circulation.
4. Any purchase in excess of \$25,000.00 shall require a legal notice published at least twice in a local newspaper of general circulation.
5. Bids shall be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation for bids. The amount of each bid and any other relevant information, together with the name of

each bidder, shall be recorded. The record and each bid shall be open to public inspection.

6. Bids shall be unconditionally accepted without alteration or correction, except as authorized in this policy. Bids shall be evaluated based on the requirements set forth in the invitation for bids.
7. Correction or withdrawal of inadvertently erroneous bids before or after award, or cancellation of awards or contracts based on such bid mistakes shall be permitted. After bid opening, no changes in bid prices or other provisions of bids prejudicial to the interest of the City or fair competition shall be permitted. All decisions to permit the correction or withdrawal of bids or to cancel awards or contracts based on bid mistakes shall be supported by a written determination made by the purchasing agent.
8. The contract shall be awarded with reasonable promptness, by written notice, to the lowest bidder whose bid meets the requirements and criteria set forth in the invitation for bids subject to the following:
 - a. Local Bidder Preference: If the bid of a nonlocal bidder is lowest and there was a local bidder who also submitted a bid which was within five percent (5%) of the low bid, then the contract shall be awarded to the local bidder if the local bidder agrees in writing within forty-eight (48) hours after being notified of the low bid, that the local bidder will meet the bid price while still meeting all the prescribed requirements set forth in the bid documents. If there is more than one local bidder who is within 5% of the low bid, then the contract shall be awarded to the local bidder which had the lowest original bid according to the procedure above.
9. Cancellation and rejection of bids: An invitation for bids, a request for proposals, or other solicitation may be canceled, or any or all bids or proposals may be rejected, in whole or in part, when it is in the best interests of the City. The reasons shall be made part of the contract file.

C. Determination of nonresponsibility of bidder.

1. Determination of nonresponsibility of a bidder or offeror shall be made in writing. The unreasonable failure of a bidder or offeror to promptly supply information in connection with an inquiry with respect to responsibility may be grounds for a determination of nonresponsibility with respect to the bidder or offeror. Information furnished by a bidder or offeror pursuant to this section shall not be disclosed outside of the purchasing division without prior written consent by the bidder or offeror.

D. Cost-plus-a-percentage-of-cost contracts prohibited.

1. Subject to the limitations of this section, any type of contract which will promote the best interests of the City may be used, provided that the use of a cost-plus-a-percentage-of-cost contract is prohibited. A cost-reimbursement contract may be used only when a determination is made in writing that such contract is likely to be less costly to the City than any other type or that it is impracticable to obtain the supplies, services, or construction required except under such a contract.

E. Required contract clauses.

1. The unilateral right of the City to order, in writing, changes in the work within the scope of the contract and changes in the time of performance of the contract that do not alter the scope of the contract work.
2. Variations occurring between estimated quantities of work in a contract and actual quantities.
3. Suspension of work ordered by the City.

**ARTICLE 5
SPECIFICATIONS**

All specifications shall seek to promote overall economy and best use for the purposes intended and encourage competition in satisfying the City's needs, and shall not be unduly restrictive. Where practical and reasonable, and within the scope of this article, Utah products shall be given preference.

ARTICLE 6
APPEALS

- A. Any actual or prospective bidder, offeror, or contractor who is aggrieved in connection with the solicitation or award of a contract may appeal to the purchasing agent. An appeal shall be submitted in writing within 5 working days after the aggrieved person knows or should have known of the facts.
- B. The purchasing agent shall promptly issue a written decision regarding any appeal. The decision shall state the reasons for the action taken and inform the protestor, contractor, or prospective contractor of the right to appeal to the governing board.
- C. The City's governing board shall be the final appeal on the City level.
- D. All further appeals shall be handled as provided in §§ 63-56-58 through 64, Utah Code Annotated, or any successor statute(s) thereto enacted hereinafter.
