Mayor Nielson opened the hearing at 6:33 p.m. and stated that notice of the time, place and purpose of the hearing had been posted at the principal office of the governing body and had been provided to the Millard County Chronicle, the Millard County Gazette and the local radio station KNAK. Mayor Nielson then asked the City Administrator to explain the issue to those present.

Mr. Vance Bishop, City Administrator, explained that in 1982 a HUD grant for \$20,000.00 had been received by Delta City to place some sidewalks near the new elementary school. He explained that that project would be started as soon as weather permits and that the public hearing was to inform the citizens that the city desires to make application for another grant, which is available in the Six-County region. Mr. Bishop stated that not enough money is available to do a road project and so the City proposes an extention of the sidewalk project. Mr. Bishop pointed out the areas on a map which would receive new sidewalks, if the monies are granted. The grant request is for \$23,050.00. It seemed a consensus of those present that the project is a good one and that the application should be sent to the Six-County organization.
